Project Team Contributions

Vector Class implementation, Shapes Hieraraly, Tess Bed	Team Name:ERKK
Name: Eugene Tyler List Individual Contributions to Project: Vector Class implementation, Shapes Hierarchy, Test Bed for Shapes, Doxy gen, UML, Name: lichard awag List Individual Contributions to Project: Testmonials, Logia, File sawag, were classes, reports Name: Hole Liscio List Individual Contributions to Project: Shape parser, output to a file to save and consist changes Name: Kevin Ranire Z List Individual Contributions to Project: Vorked on Shape base class and all other individual Shape Class. Also worked on drawing the Shapes to the capital grea. Name:	Team Members
List Individual Contributions to Project: Vector Class inflower matrin, Shapes Hierarchy, Test Bed for Shapes, Doxy gen, VML, Name: Richard Aung List Individual Contributions to Project: Testimonials, Logia, File saving, User interface, were classes, reports Name: Hole Liscio List Individual Contributions to Project: Shape parser, output to a file to Save and consist changes Name: Kevin Ranire 2 List Individual Contributions to Project: Vorked on Shape base class and all other individual Shape Class. Also worme on drawing the Shapes to the capital street. Name:	
List Individual Contributions to Project: Vector Class inflower matrin, Shapes Hierarchy, Test Bed for Shapes, Doxy gen, VML, Name: Richard Aung List Individual Contributions to Project: Testimonials, Logia, File saving, User interface, were classes, reports Name: Hole Liscio List Individual Contributions to Project: Shape parser, output to a file to Save and consist changes Name: Kevin Ranire 2 List Individual Contributions to Project: Vorked on Shape base class and all other individual Shape Class. Also worme on drawing the Shapes to the capital street. Name:	Name: Eugene Tyler
Name: Richard Guong List Individual Contributions to Project: Testimonials, Ingin, File southy, User interface, were classes, reports Name: Hole Liscio List Individual Contributions to Project: Shape parser, output to a file to save and consist changes Name: Kevin Ranire 2 List Individual Contributions to Project: Vorked on Stape base class and all other individual Shape class. Also wome on drawing the Shapes to the carvas area. Name:	List Individual Contributions to Project:
Name: Richard Guong List Individual Contributions to Project: Teshmonials, Login, File sowing, User interface, were classes, reports Name: Hole Liscio List Individual Contributions to Project: Shape parser, output to a file to save and consist changes Name: Kevin Ranire 2 List Individual Contributions to Project: Vorked on Shape base class and all other individual Shape class. Also wome on drawing the Shapes to the capuas area. Name:	Vector Class implementation, Shapes Hieraraly, Test Bed
Name: Kevin Ranire Z List Individual Contributions to Project: Shape parser, output to a file to Save and consist changes Name: Kevin Ranire Z List Individual Contributions to Project: Lase Class and all other individual Shape Class. Also worme on drawing the Shapes to the capital area. Name:	for Shapes, Doxy gen, UML,
Name: Kevin Ranire Z List Individual Contributions to Project: Shape parser, output to a file to Save and consist changes Name: Kevin Ranire Z List Individual Contributions to Project: Lase Class and all other individual Shape Class. Also worme on drawing the Shapes to the capital area. Name:	
Name: Kevin Ranirez List Individual Contributions to Project: Shape parser; output to a file to Save and consist changes Name: Kevin Ranirez List Individual Contributions to Project: Urked on Shape base class and all other individual Shape class. Also worme on drawing the Shapes to the canvas area. Name:	Name: Kichard Guong
Name: Kevin Ranirez List Individual Contributions to Project: Shape parser, output to a file to Save and consist changes Name: Kevin Ranirez List Individual Contributions to Project: Vorked on Stape base Class and all other individual Stape Class. Also worme and drawing the Shapes to the capuas area.	List Individual Contributions to Project:
Name: Kevin Ranirez List Individual Contributions to Project: Shape parser, output to a file to Save and consist changes Name: Kevin Ranirez List Individual Contributions to Project: Vorked on Stape base Class and all other individual Stape Class. Also worme and drawing the Shapes to the capuas area.	Testimonials, Login, File saving, user intertoce, user classes, reports
List Individual Contributions to Project: Shape parser, output to a file to Save and consist changes Name: Kevin Ranirez List Individual Contributions to Project: Worked on Shape Lase Class and all other individual Shape Class. Also worme and drawing the Shapes to the capital grea. Name:	
List Individual Contributions to Project: Shape parser, output to a file to Save and consist changes Name: Kevin Ranirez List Individual Contributions to Project: Worked on Shape Lase Class and all other individual Shape Class. Also worme and drawing the Shapes to the capital grea. Name:	
List Individual Contributions to Project: Shape parser, output to a file to Save and consist changes Name: Kevin Ranirez List Individual Contributions to Project: Worked on Shape Lase Class and all other individual Shape Class. Also worme and drawing the Shapes to the capital grea. Name:	Vale liscio
Shape parser, output to a file to save and consist changes Name: Kevin Ramirez List Individual Contributions to Project: Worked on Shape base Class and all other individual Shape Class. Also worme on drawing the Shapes to the capuas area. Name:	
Name: Kevin Ramirez List Individual Contributions to Project: Worked on Shape base Class and all other individual Shape Class. Also worme and drawing the Shapes to the canvas area. Name:	List Individual Contributions to Project.
Name: Kevin Ramirez List Individual Contributions to Project: Worked on Shape base Class and all other individual shape Class. Also worme and drawing the shapes to the canvas area. Name:	Shape parser, 601 por 40 a 4110 10
List Individual Contributions to Project: Worked on Shape base class and all other individual shape class. Also worme on drawing the Shapes to the canvas area. Name:	Save and consist Changes
List Individual Contributions to Project: Worked on Shape base class and all other individual shape class. Also worme on drawing the Shapes to the convas area. Name:	
List Individual Contributions to Project: Worked on Shape base class and all other individual shape class. Also worme on drawing the Shapes to the canvas area. Name:	Kein Rangez
